## Making Good Mentoring Programs Even Better! Using the Elements of Effective Practice

January 19, 2022  
10am - 12pm  
via Zoom

Mentoring can be extremely rewarding for the youth and mentors in our programs, but it can also be hard work for the staff that manages the program. Learn about mentoring best practices and find out how you can strengthen (or start) your program using evidence-based approaches. This two hour session is a great introduction to mentoring best practices for new program staff or individuals interested in starting a mentoring program. This session can also serve as a refresher for seasoned mentoring programs and staff.
